ROMANS - VOLUME I

This is the newest release in the Tommy Nelson – Bible Study Series.

The most important idea in the Bible is how a Holy God can get a sinful man into Heaven and not compromise who He is. Romans tell us just that! It sits as Master of the House before all of Paul's writings. It is the Bible in miniature. It is the most important singular document ever penned by man and only inspiration could make it so.

In our study in Romans we will look at Paul's unfolding logic and incisive reasoning as to the divinity and holiness of the Christian gospel, it is the perfect for your small group, Sunday School class or personal study.

"The Song of Solomon & Ecclesiastes (A Life Well Lived) DVD studies have been an incredible addition to our small group ministry. The 12 session format works great for any small group or Sunday school setting and makes for an easy lead into group discussion. Tommy's candor, humor, and knowledge of the scripture are a breath of fresh air. The study guides are laid out well and allow for a deeper look into the lesson and the scripture. Through these resources we have seen lives changed, people encouraged, and marriages saved. I highly recommend these resources for any group that wants to go to the next level in Biblical curriculum." quote by Brad Wicks
